

# Seeds, Bees, and Pollen

HAVE FUN!

By Julie K. Lundgren

## DISCUSS

Talk through your thoughts.

- **Before you read the book**, turn to page 5 and talk with someone about the question.
- **After you read the book**, turn to page 5 and answer the question with as much detail as you can from the book.

## CREATE

Make an experience of your own.

- Using art or craft materials around your house, make flowers, leaves, bees, butterflies and more.
- Use the glossary words to make a matching vocabulary game.

## IMAGINE

Use your imagination to explore.

- Explore the outdoors. Look for bees collecting pollen. Look at all of the different plants around you.
- With permission, plant some seeds and watch them grow and reproduce.
