

Floating and Sinking

By Amy S. Hansen

DISCUSS

Talk through your thoughts.

- Talk with someone about what kinds of things float and why.
- Talk with someone about what kinds of things sink and why.

CREATE

Make an experience of your own.

- With adult supervision, experience swimming! Can you float?
- With a friend, create a boat that will float. Did it float? Why or why not? Try again!

IMAGINE

Use your imagination to explore.

- Explore how animals move in the water. How do they float?
- Design a science experiment! Collect objects and predict if they will sink or float. Test out your ideas.
