

The Darkest Part of the Forest

By Holly Black

Discuss

Talk through your thoughts.

- If you were able to choose, would you want to be a part of the Folk of the Air or the human world?
- Why do Hazel and Ben think the horned boy in the coffin is a prince? What makes them feel that way?

Create

Make an experience of your own.

- Write down a wish you would bring to the Folk Tree. Would your wish be worth the cost of using magic?
- The faerie spells are like rhythmic poetry. Create a poem that you think could fit into the story.

Imagine

Use your imagination to explore.

- Imagine you were creating a film adaptation of this novel. Who would you choose to play each character? What would the faerie folk look like?
