

# Outcasts United : An American Town, A Refugee Team, and One Woman's Quest to Make a Difference

By Warren St. John

## DISCUSS

Talk through your thoughts.

- How does Luna pull the boys together? Even though they are so different, how do they bond so well?
- What are some outcomes of Luna's tough love? How would you feel if you were kicked off a team?

## CREATE

Make an experience of your own.

- Go out and play a game of soccer with friends or meet some new people and play a game!
- This book is written based off of interviews and watching the character's lives. Try and write a page based off of 2 of your friends' lives.

## IMAGINE

Use your imagination to explore.

- Look at a globe. Notice where each character is from in the book. Could you handle living where they did? Why or why not?
- Imagine how Luna continued to change lives. How do you think kids felt towards her?
